## DETAILED ACTION

### *Election/Restrictions*

1. Restriction to one of the following inventions is required under 35 U.S.C. 121:
  - I. Claims 1-3, drawn to an ornamental device for a vehicle, classified in class 428, subclass 156.
  - II. Claims 4-7, drawn to a method for making first and second grille inserts, classified in class 29, subclass 428.

The inventions are distinct, each from the other because of the following reasons:

2. Inventions II and I are related as process of making and product made. The inventions are distinct if either or both of the following can be shown: (1) that the process as claimed can be used to make other and materially different product or (2) that the product as claimed can be made by another and materially different process (MPEP § 806.05(f)). In the instant case the process as claimed can be used to make other and materially different product such as one that does not require a bracket for attaching to a vehicle grille.
3. Because these inventions are distinct for the reasons given above and have acquired a separate status in the art as shown by their different classification, restriction for examination purposes as indicated is proper.
4. During a telephone conversation with Mr. Michael Voorhees on December 8, 2004 a provisional election was made with traverse to prosecute the invention of Group II, claims 4-7. Affirmation of this election must be made by applicant in replying to this

Office action. Claims 1-3 are withdrawn from further consideration by the examiner, 37 CFR 1.142(b), as being drawn to a non-elected invention.

### ***Specification***

5. The disclosure is objected to because of the following informalities: on page 2, lines 15 and 16, the phrase "the method to comprises is registering the first grille insert" is not clear.

Appropriate correction is required.

### ***Claim Objections***

6. Claims 4-7 are objected to because of the following informalities: in claim 4, line 1, "a" should be deleted; in claim 5, line 2, --as the size and shape-- should be inserted after "shape". Appropriate correction is required.

### ***Claim Rejections - 35 USC § 112***

7. The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

8. Claims 4-7 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

Claim 4 recites the limitation "the first and second vehicle grilles" in lines 1-2.

There is insufficient antecedent basis for this limitation in the claim.

***Allowable Subject Matter***

9. Claims 4-7 would be allowable if rewritten or amended to overcome the rejection(s) under 35 U.S.C. 112, 2nd paragraph, set forth in this Office action.

***Conclusion***

10. The prior art made of record and not relied upon is considered pertinent to applicant's disclosure.
